The Honorable Pete Hegseth
Secretary
U.S. Department of War
1000 Defense Pentagon
Washington, DC 20301

Dear Secretary Hegseth:

The Committee on Oversight and Government Reform's Task Force on the Declassification of Federal Secrets (Task Force) is continuing its investigation into Unidentified Aerial Phenomena (UAP). The continued lack of transparency surrounding these anomalies and the potential national security threat they pose is troubling. On September 9, 2025, the Task Force held a hearing focused on these concerns.¹ Whistleblowers informed the Task Force that AARO possesses additional video records of potential UAP sightings. To continue its investigation, the Task Force requests certain video files related to UAP sightings.

The lack of disclosure regarding the very real threat posed by UAPs in and around U.S. restricted airspace is concerning. The Task Force has found responses from AARO, when questioned about UAP sightings and provided data, less than adequate.² The presence of UAPs in and around the sensitive airspaces of U.S. military installations poses a threat to the security of the armed forces and their readiness.

To assist the Task Force in its investigation of UAPs we request the following videos be delivered as soon as possible but no later than April 14, 2026:

1. 4 UAP formation – Iran, 8/26/22
2. Syrian UAP instant acceleration, 2021
